#### Frontload Washer 81 Litre Capacity

A 81 litre capacity wash tub provides a full 8.1kg capacity which is especially useful for those customers with larger loads and bulky items.

A horizontally mounted axis makes loading and unloading easy for everyone. Both of these features can speed up customer turnover, creating greater profit potential.

#### Washing Efficiencies

Reduced operating costs are the result of ultra-efficient water usage. A typical load uses approximately 71 litre per cycle, a savings of over 10 gallons per cycle when compared to toploaders! Lower water usage also means dramatically reduced hot water usage and sewer costs.

#### Increased Process Speed

An electronically controlled motor, with out-of-balance logic, manages and redistributes unbalanced loads for uninterrupted wash cycles. Our high speed spin of over 1000 RPM also means faster drying cycles and lower energy usage in the dryer.

#### Controls Up Front

The front placement of the controls and supply dispenser complies with ADA regulations and maximizes customer convenience. Customers will also value the time-saving feature of the automatic supply dispenser, which eliminates the need to wait around to add detergent, bleach, or softener.

#### Single Load Dryer Drying Efficiencies

Fast drying, with heat sources of 25,000 BTU (gas models) or 5350 watts (electric models), ensure customer satisfaction and lower operating costs. This dryer moves 150 litres of air per second through the cylinder, drying clothes fast.

#### 200 Litre Cylinder Capacity

The industry leading cylinder capacity.

#### Large Door Opening

At 2.06 sq. ft. (1914 sq. cm.), the largest in the industry, our new door opening makes loading and unloading even easier.

#### See-Thru Doors on Both Machines

Having a window in both the washer and the dryer enables customers to view the entire laundering process. It also allows users to identify units that are available to use - a real benefit in busy locations.

# Horizon Washer, Dryer, Stacked Unit Specifications

## Washer

	<b>SWFA71</b> <b>SWFX71</b>
<b>Width (in/mm)</b>	26 7/8" (683 mm)
<b>Depth (in/mm)</b>	28" (711 mm)
<b>Height (in/mm)</b>	43" (1092 mm)
<b>Water Temperatures</b>	Hot, warm and cold
<b>Cycles</b>	Normal, PermanenPress or Delicate
<b>Basket Volume</b>	2.84 cu. ft. (80 liters)
<b>Water Pressure</b>	Pressure fill – 20 to 120psi (1.4/8.3 Bar)
<b>Spin Speeds</b>	500, 650, 1000 rpm
<b>Activation</b>	Coin-Op.
<b>Motor HP</b>	Variable speed induction, 3/4 HP
<b>Top Finish</b>	Porcelain
<b>Colours</b>	White / Bisque
<b>Electrical Specifications and Circuit Requirements</b>	240/50/1-10 amp
<b>Net Weight</b>	265 lb (120 kg)
<b>Shipping Weight</b>	275 lb (125 kg)
<b>Agency Approvals</b>	UL, CE

## Dryer

<b>Electric:</b>	<b>SFEX07</b>
<b>Gas:</b>	<b>SFGX09</b>
<b>Width (in/mm)</b>	26 7/8" (683 mm)
<b>Depth (in/mm)</b>	28" (711 mm)
<b>Height (in/mm)</b>	43" (1092 mm)
<b>Cylinder Volume</b>	7.0 cu. ft. (201 liters)
<b>Motor HP</b>	1/3 HP, 5.5 amps
<b>Heating Element*</b>	5350 watts, 240 volt
<b>Btu Per Hour**</b>	25,000 (6,300 kcal)
<b>Type of Gas (Gas models only)</b>	Factory-equipped natural/mixed gas. Convertible to LP gas.†
<b>Utility Connections (in/mm)</b>	3/8" NPT (9.5 mm)
<b>Air Outlet Diameter (in/mm)</b>	4" (102 mm)
<b>Exhaust Airflow***</b>	220 (105 liters/sec.)
<b>Maximum Exhaust Static Back Pressure</b>	0.6" W.C.
<b>Activation</b>	Coin-Op.
<b>Top Finish</b>	Porcelain
<b>Electrical</b>	240/50/1-20 amp
<b>Specifications and Circuit Requirements</b>	
<b>Colours</b>	White
<b>Net Weight</b>	Gas: 155 lb (70 kg) Electric: 152 lb (68 kg)
<b>Shipping Weight</b>	Gas: 165 lb (75 kg) Electric: 160 lb (73 kg)
